Apocalypse

For Solo Soprano and SATB Chorus

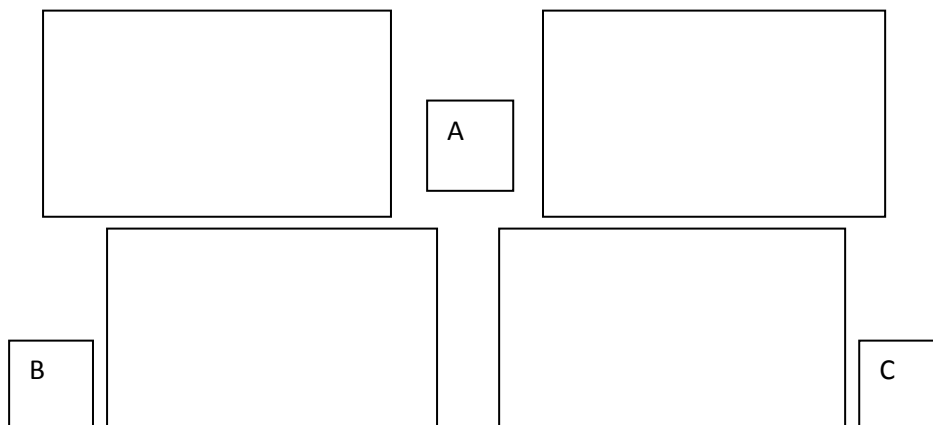

By David Lancaster

Apocalypse (2012) draws upon text found in the 'Prick of Conscience' window in All Saints Church, North Street, York, in which fifteen panels depict the final days of the world. Some of the original medieval text is used but it is largely presented in a new translation by David Lancaster and Daniela Nunnari.

Performance notes

From the beginning to rehearsal bar 11: all sopranos (including the soloist) are distributed around the auditorium, ideally so as to surround the audience. At bar 11 they begin to return to their position with the remainder of the choir, to be in position by bar 20. From that point, the soprano soloist should occupy a central, raised position (station A below).

At bar 118: two additional soprano duettists move from their regular position to stations either side of the choir (B and C below), where they should remain until the end.

The length of the spoken and whispered passages is approximate.

For SATB chorus with high soprano soloist

Duration: 25'00"

(An alternative version is available in which the music is divided into four movements, which can be interspersed throughout a concert programme).
